Introduction of Mr. T. C. Twyman, President and Chief Executive Officer, McColl-Frontenac Oil Company Limited.

Address-Mr. T. C. Twyman.

4:00 p.m.

*Tour of Refinery

5:00 p.m.

Reception, Main Ballroom, Macdonald Hotel

*It is felt that many attending the opening ceremonies may not have had an opportunity to see at close range a modern refinery, and we will regard it as a privilege to take on a tour of our refinery all those who would care to make this tour. Following the formal portion of the programme, groups in buses will be escorted by qualified guides through the refinery site. The buses, after driving through the tank area and other areas, will stop opposite the control room to allow all those who would like to see more of the detail to leave the bus and continue on foot through the control room, past the "cat" cracker units and through the powerhouse. On leaving the powerhouse, each group will again be picked up by a bus, which will convey the party to the Macdonald Hotel, first stopping at the parking lot for the convenience of those who have their own transportation to the City.
